not in survey error

**\* Footnotes:**

The costing methodology or source used to determine payer costs is:

- ☒ The ANDI methodology, which uses a facility-wide ratio of cost to charges as described in NCHA Community Benefits Guidelines.
- ☐ An internal cost accounting system, adjusted for community benefit reporting.
- ☐ An internal cost accounting system, adjusted for community benefit reporting, for all items except bad debt and charity care, which use in internal cost-to-charge ratio approach that is based on the methodology specified in the NCHA Community Benefits Guidelines.
- ☐ An internal cost-to-charge ratio approach that is based on the methodology specified in the NCHA Community Benefits Guidelines.

All costing methodologies do not double-count expenses reported in other community benefit items. For example, amounts reported in Subsidized Health Services do not also appear in Medicaid losses.
