

# PROTECTING ACCESS TO HEALTH CARE FOR ALL NORTH CAROLINIANS

## THE NORTH CAROLINA HEALTHCARE ASSOCIATION UNITING HOSPITALS, HEALTH SYSTEMS AND CARE PROVIDERS FOR HEALTHIER COMMUNITIES

The North Carolina Healthcare Association is the united voice for its membership of more than 130 hospitals and health systems and their affiliated caregivers who provide acute care, rehabilitative, behavioral, psychiatric, and veterans’ services. For more than 100 years, NCHA has supported and promoted access to quality healthcare for all North Carolinians.

Our mission is to work with our members to improve the health of the communities where we live and work by advocating for sound public policies and collaborative partnerships.

NCHA works with allied healthcare provider organizations, state agencies and elected officials at the state and national levels to ensure development, passage and enforcement of policies and healthcare regulations that support our members’ ability to serve their communities with high-quality, affordable, efficient and integrated care.

Our members strive to enhance the patient experience, improve the health of populations, engage the workforce, and reduce the cost of healthcare.

Even though the healthcare landscape is changing, North Carolina’s hospitals and health systems remain committed to their most basic mission: protecting access to quality care for all North Carolinians, 24 hours a day, 7 days a week, every day of the year.

**PROTECTING ACCESS  
TO HEALTHCARE**
