

Naloxone Kit at MMC

2 November 2015

Who should get a naloxone kit?

Prescribed at the discretion of the treating provider

High-risk patients (at the discretion of the provider)

Suggestions:

In the ED for opioid OD

Just released from correctional facility with history of heroin use

Patients with prior admission for opioid OD

To order a naloxone kit

There will be an order set in EPIC (**pending**)

To write a prescription for naloxone:

“Naloxone 2mg/2ml needless syringe and intranasal mucosal atomizer device

Qty-1 each. Sig: For suspected opioid overdose, spray 1ml in each nostril”

To fill prescription

The prescriber can give a prescription that can be filled at non-MMC out patient pharmacy however won't be dispensed as a “kit” with instructions, teaching, follow-up, etc.

As far as we know, Portland-area pharmacies do not have naloxone and atomizer on-hand

If ordered from MMC out-patient pharmacy can deliver to the ED (recommended to allow for time for teaching)

Documentation

As you would for the appropriateness of any prescription

Working on a dot phrase that will encompass documentation of prescription, education, and intervention

Payment

If filled at the Pharmacy at MMC

Covered by MaineCare

Will be billed if commercial insurance

No charge (covered by MMC) if no coverage at all

Contents of kit

Each kit contains

2mg dose of naloxone

Atomizer

Education sheet

Portland Recovery Center Peer Telephone Support Pamphlet and Consent

If patient consents, form is put in folder for scanning and faxing to PRC

There is a poison center sticker on the outside of the bottle

Education on opioid OD and how to use the kits

Naloxone Kit at MMC

2 Nov 2015 THS

Video (currently in production) for education and use of the kit
Will be (hopefully) be pre-loaded onto computers in the ED

Intervention

Always good to take the opportunity to discuss cessation
Portland Recovery Center has a peer-peer telephone support group
That pamphlet and consent will be part of the kit

Followup

Part of PRC consent will include a consent for MMC to followup to see how patient is doing with kit
Patient can cross that part out if they are so inclined

Where are we now?

Currently, video is not complete

In process

PRC program

Pamphlets are getting an update to add our consent

Working on EPIC documentation dot phrase

Attempting to engage our nursing partners

Putting together information communication for emergency medicine providers and other departments

If someone wants to dispense a kit now

The out-patient pharmacy either has (or will very soon have) the kits

Recommend the prescriber review

What is an opioid

Signs and symptoms of opioid OD

What is in the kit and how to put it together

Opioid cessation

Naloxone Kit at MMC
2 Nov 2015 THS

PRCC is providing an innovative peer-to-peer recovery support service. Telephone Recovery Support (TRS). PRCC is offering weekly telephone service to people in recovery for a period of twelve weeks just to “check in” and see how they are doing. Follow-up calls would be made by trained PRCC volunteers. TRS helps reduce relapse and enhances the recovery not only for the recoverees, but for the volunteers as well. Providers can enroll clients at intake.

TRS is offered statewide by the Portland Recovery Community Center (PRCC) which is a recovery-oriented sanctuary anchored in the heart of the community where Recovery Support Services are delivered.

Recovery Support Services

- All-Recovery Groups
- Recovery Training Series
- Family Support Groups
- Recovery Coaching
- Recovery Social Events
- Recovery Housing Project

“When I was using, my phone never rang and I wanted it to. I remember just sitting there, staring at the phone wishing someone would call me, talk to me, possibly help me. Now I’m in recovery.

For me, TRS is the perfect way of giving back by making that phone call that I never got.” Curtiss K. TRS Volunteer

For more information about TRS please contact our community center or visit our website:
www.portlandrecovery.org

(207)-553-2575

Please send the one page form (see other side) faxed to:

207-512-1202

is offering additional support for any person in recovery.

Name: _____ Date of Birth: ____/____/____

Phone #: (____) _____ - _____ Referred By _____

Cell Phone #: (____) _____ - _____ Current Housing: Sober House Halfway House Other

Address: _____

City: _____ State: _____ Zip: _____ Gender (circle one): Male Female

Email Address: _____

Would you like to receive text messages? (Circle one) YES NO Standard text message rates apply

Telephone Recovery Support calls are made between 9am and 6pm Eastern Time Monday thru Friday. Please circle the time range that reflects when you would like to be called.

We will try to call you during the time range you circle. Thanks!

9am – Noon Noon – 2pm 2pm – 4pm 4pm – 6pm

DO NOT leave message on Answering machine

I understand and agree to the following:

1. I grant permission for a volunteer from the Portland Recovery Community Center (PRCC) to call me weekly on the above telephone number(s) to support me in my recovery.
2. Each time the PRCC volunteer calls, he/she will be asking me how my recovery is progressing and if I am in need of additional support (i.e., meetings in area, recovery community centers, safe/sober housing, social events, other resources)
3. At the time of a call, if I am in need of a referral to a treatment program or detox unit, I will be assisted in finding a program, if I so desire.
4. At any time I may decide not to take part in this service, I will call PRCC at 1-207-553-2575 or tell the volunteer when he/she calls.
5. If I have received a Narcan (naloxone) kit or prescription, I grant permission for a staff member from Maine Medical Center to contact me to check on how I am doing at the phone number(s) listed above.
