

# Designing for Improvement and Innovation: Brainstorming and Action Planning

# Performance Improvement (PI): As Easy As 1, 2, 3

- Consider the content you have received today and how the topics align with your hospital's quality and patient safety priorities
- Identify **1** Opportunity for PI
- Identify **2** Action Steps with deadlines
- Identify **3** People you will engage to support the PI work

## Wrap-Up

- ❖ Feedback on the day/ evaluations
- ❖ Tomorrow's meeting
- ❖ Reimbursement Forms
- ❖ Thank you!
