

Introducing N95 Respirator Masks

from **Honeywell**

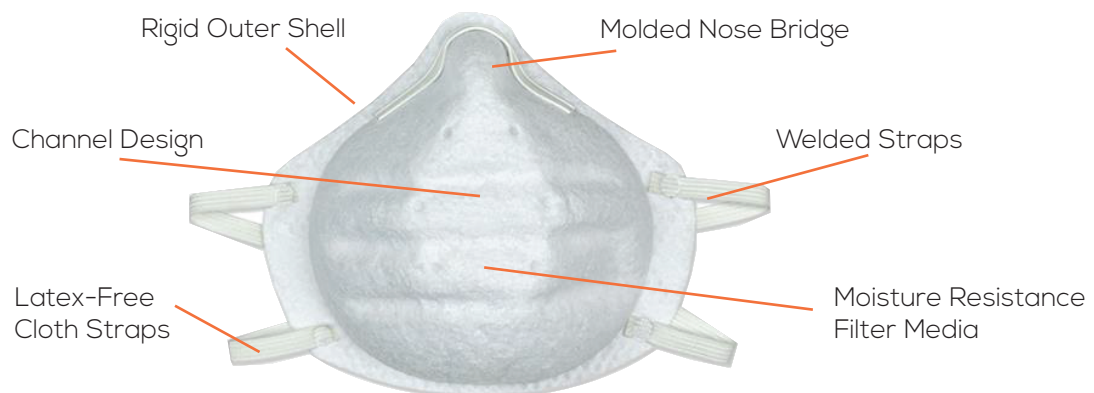

A high-performing N95 Particulate Filter Respirator designed for all-day comfort in use by busy healthcare providers across the continuum of care.

Model DC300N95

- NIOSH approved N95 particulate respirator (NIOSH 42 CFR 84)
- Assigned Protection Factor (APF 10) per OSHA
- Meets OSHA Respiratory Protection Standard 29 CFR 1910.134

Model DC365N95

- NIOSH approved N95 particulate respirator (NIOSH 42 CFR 84)
- FDA Emergency Use Authorization, March 28, 2020
- Pending FDA Approval as an ASTM Level 2 N95 Surgical Respirator

N95 Respirator Masks

from **Honeywell**

FEATURES & BENEFITS

- Offered in a universal size
- Designed to fit most facial shapes while providing outstanding respiratory protection
- Dye-free and non-sensitizing
- Materials feel smooth and soft next to the skin
- Flexible, light-weight construction conforms gently to the face, minimizing pressure points
- Adjustable nose piece for a customizable fit
- Molded nose bridge reduces adjustments needed to achieve proper fit and provide a secure seal
- Multi-layer absorption media designed for lower breathing resistance
- Cup-shape with ample breathing chamber

BREATHE EASIER

Multi-layered absorption media, designed for a lower inhalation resistance makes it easier to inhale and pull air in.

IMPORTANCE OF FIT

Contoured mask fits with the natural shape of the face, minimizing pressure points, providing optimal comfort and a secure fit.

PREMIUM FILTER MEDIA

Lower exhalation resistance, reduces heat buildup in the respirator by releasing the hot exhaled breath faster.

LIGHTWEIGHT

Lightweight, thin construction with smooth inner lining for a comfortable fit.

LONG LASTING

Humidity and moisture resistant filter media that repels moisture for a longer lasting respirator.

TRUSTED

95% filtration efficiency against solid particulates and non-petroleum based liquid aerosols.
